## TABLE SCREEN

Höjd 650 mm

### MODEL

Table screen

### VARIANTS

- Fixed- or free positioning
- No accessory toolbar
- With accessory toolbar

### ACCESSORIES

- Accessories for table screens

### DETAILS

– **Tab desk screen** is available with or without a pre-mounted functional rail for accessories and can be mounted on the front or end side of the desk. Tab is available in two heights: 650 and 800 mm.

A screen with **fixed positioning** is supplied with pre-drilled mounting holes. The 650 mm screen can be mounted with its top edge positioned either 450 or 500 mm above the desktop. The 800 mm screen can be mounted with its top edge positioned either 600 or 650 mm above the desktop.

A screen with **free positioning** has no pre-drilled holes and can be mounted at any height. The brackets can also be positioned flexibly along the width of the screen.

The screen is designed to allow the upholstery to be replaced on site by an installer. Brackets are included (two or three, depending on the screen width). The functional rail and various accessories for it can be ordered separately.

### CONSTRUCTION

The total thickness of the screen may vary slightly depending on the choice of upholstery. The core is made of 15 mm chipboard, covered with a total of 20 mm polyurethane foam and fabric. The upholstery features a bottom zipper in matching colour. Mounting brackets are from 5 mm powder-coated steel. The toolbar is powder-coated, extruded aluminium.

---

DIMENSIONS	Height: 650/800 mm Length: 800 - 2000 Depth: 40 mm
TESTED	EN1023-1 - 3, EN 14074, ISO 354, SS 25269, NT ACOU086
WARRANTY	5 years
