

SAV360T

Assembly Instruction 039210

The product contains one or more of following materials:
Wood, metal, plastic.

SAV360T - Overview (Way of assembling)

1. Screw the table top onto the upper part of the arm, 3x pocketscrews. Only one position possible.
2. Sit on the chair and adjust it to the lowest position.
3. Mount the two small locking parts with **8mm** space to the thicker part of the gaslift (flat surface on top) with 2 screws. Tighten.
4. Put on the sliced glide with neck down and sleeve up.
5. Mount the tabel around the glide with the locking part, knob and one screw. Tighten the screw first, than adjust the resistance with the knob with force from the hand.
