

Chat

CROSS BASE, H 720 MM

Chat is a table designed for every kind of conversation — in lounges, lunch areas or compact meeting rooms. With a wide range of heights, shapes and base options, it adapts to any setting. Whether used as a coffee table, side table or standing table with integrated power outlets, Chat works wherever you need it.

Chat with cross base adds even more flexibility — the open, spacious design allows for easy movement and generous legroom. A smart choice for public settings, equally appreciated in lounges, dining areas and offices.

MODEL	Table with cross base
