EFG
European Furniture Group

Step 1 - Assembly beams and legs.

Recommended beam length for following table top length (2-column):
1600 = Beam length 1314 mm (Top extension on table according to page 5)
1800 = Beam length 1514 mm (Top extension on table according to page 5)

M8x25 (x7)
(8pcs for single stand)

x22 (optional)
(12pcs for single stand)

Wiggle the leg when
mounting the crossbars.
It makes it easier to
mount the screws.

M8x25

Leave one of these screws
unmounted in the crossbar
for connection third column.

For 3-Columns go to page 3.

**Step 2** - Assembly Feet and Side Bars.

M8x16 (x4) - Side Bars.

M8x16 (x6) - Feet (4pcs for single stand)

Ø16 (x36) - Covers For Screw/Sidebars (Black/Gray/White)

Setscrew at this side

EFG IZI Pro - 2

Step 3 - Assembly 3-column 90°.

M8x35 (x1) - Use for connection 3-Legs 90°

M8x16 (x6) - Feet & crossbar corner

M8x25 (x6) - Cross bar and
                    connection 90°

M8x16 (x2) - Side bars

OBSERVE
M8x16 (x2)
Round socket

M8x25 Countersunk

Cover for screw M8 (x16) - Side bars

M8x16 Countersunk

**Step 4** - Mount frame to table top - 2-column.

Recommended beam length for following table top length (2-column):
1600 = Beam length 1314 mm (Top extension on table according to page 5)
1800 = Beam length 1514 mm (Top extension on table according to page 5)

Ø5,0x60 (x8) - Screw Beams
                       (4pcs Single stand)

Ø4,5x20 (x8) - Screw Sidebars

Loosen setscrews in crossbars and
adjust stand width symmetric to wished position.

Step 5 - Mount frame to table top - 3-column.
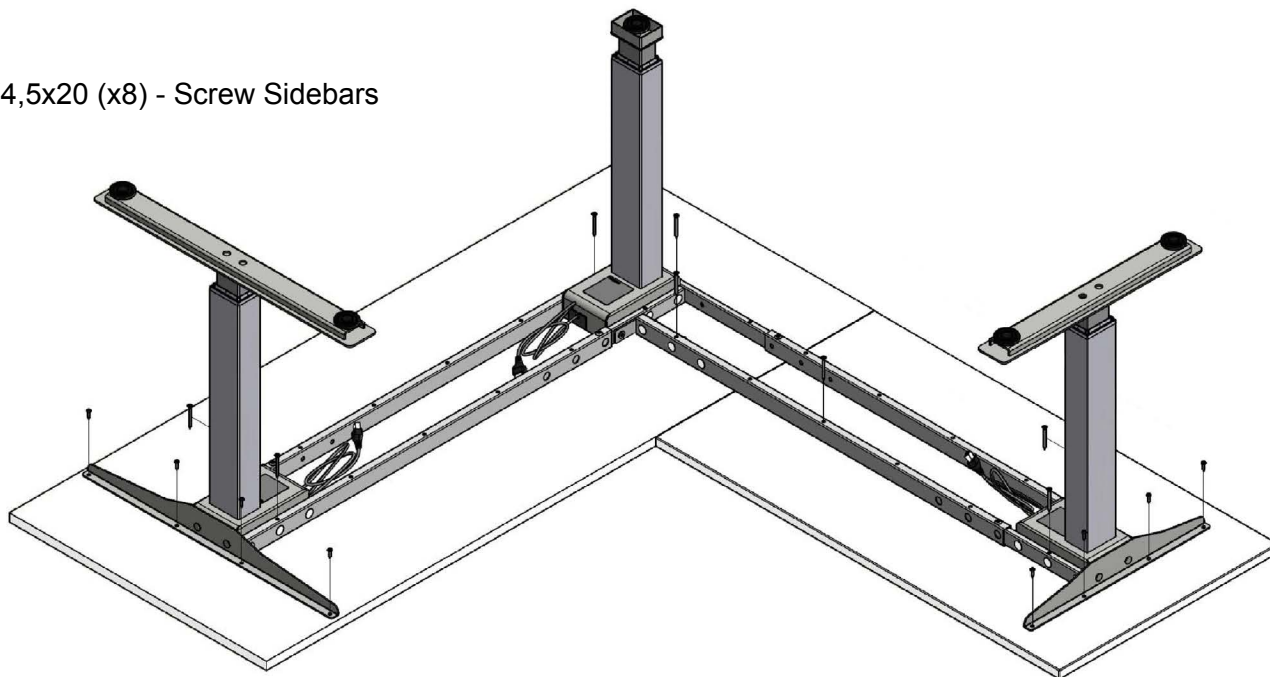

Loosen setscrews in crossbars and adjust stand width symmetric to wished position.

Ø5,0x60 (x8) - Screw beams

Ø4,5x20 (x8) - Screw Sidebars

Step 6 - Cable fastening.

Structure excess cabling under the table top, use a cableclip to fasten powersupply.
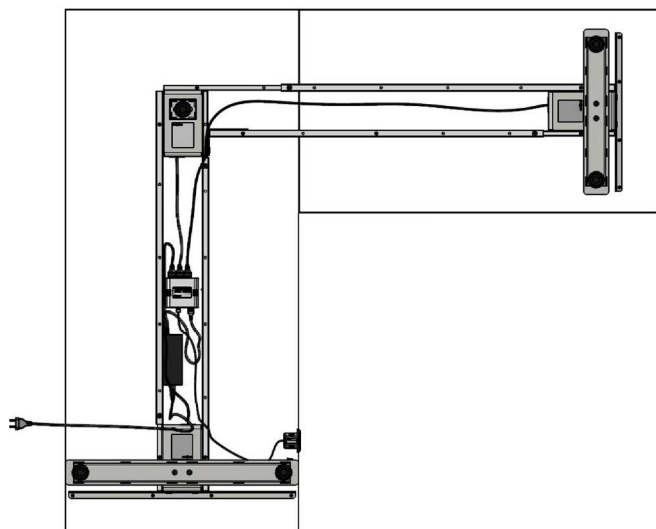

**2-COLUMN**

Ø3,5x16 (x2) - Handset

3-COLUMN

Ø3,5x16 (x2) - Handset

Step 7 - Observe.

Observe: Make sure every screw is tightened before use. Be careful not to tighten them too hard, this will damage the chipboard and the legs will not be fastened in a proper way.

Turn the table around to standing position and plug the cable.

Ready to use!

INFO - Accessories (Gables) + Reset.

ACCESSORIES (GABLES):
Below you can see recommended distance to table top edge on gables for enabling other acessories to be added.

RESET:
Below you will find the guide for reseting the desk if necessary.

120 mm

Manual reset

>7 sec

1-Press both buttons

2-Drive the columns down to lowest level
3-Ready for use

SUITED ACESSORIES:
- TAB Screens *(Ex: A29F01)*
- ADD Stack *(Ex: ADDSTACKK)*
- Butler *(Ex: ADDBUTLK)*
- ScreenIT Standard *(Ex: A30B81)*
